Head Instructor, Victoria Petersen

With over 20 years experience working with people and horses, Victoria has made her passion, her life's work. She teaches adults and children the art of horsemanship in private lessons and group classes in addition to facilitating equine guided therapy for neuro-diverse populations and beyond. She has coached Oregon High School Equestrian Teams for Summit, Mountain View, and Bend High and is a 4-H Horse Leader in Deschutes County. She founded Cascadian Stables, a luminary for inclusive, holistic equine therapy and compassionate, conscious horsemanship. She also co-founded Discovery With Horses, an equine facilitated personal growth and therapy program. She is proud to be raising her own children here in Central Oregon.

What we do:

Our innovative and progressive curriculum is built around the deep connections and rich relationships that are created when kids work with horses. Cascadian Stables offers Equine Experiential Learning, therapy and riding lessons for kids of all ages, in private and group sessions all year round. Our phenomenal horses and our safe, positive environment create a unique opportunity for kids to become empowered and inspired!

NO HORSE EXPERIENCE NECESSARY!

Your Child will learn:

- Expanded Self Awareness
- Responsibility
- Empathy
- Mindfulness
- Self Advocacy
- Grit
- Confidence
- And of course, how to ride!
